Health Promoting Schools

We are looking for two parents who would like to sit on our health promotion schools committee on behalf of the parental body. Please ring or email the school if you can volunteer.

As a health promoting school we encourage children to bring water to school everyday as part of their healthy lunch. The H.P.S committee have decided to choose Wednesday as the day to go around and check that everybody has water as their drink. We would be grateful if you could ensure that your child brings water to school everyday
