School Magazine

If any parent has any interest or expertise in the area of publishing we would love you to support us in compiling this years' school Magazine. The magazine is sent to an external publisher for publishing however we'd love help in collecting articles, editing if necessary, maybe bringing a new element into the design aspect of the magazine etc.

We are taking part in the Green -Schools BIG TRAVEL CHALLENGE. For 10 days we would like to see as many people as possible walking to school. If we see an increase in the amount of pupils across the school walking to school from Day 1 to Day 10 there will be extra golden time given to all students. The BIG TRAVEL CHALLENGE takes place from Monday the 24th to Friday the 6th of March. We would like to remind you that walking to schools helps our environment, helps our hearts and helps our minds. We hope you support our initiative.
