Parents Association

Hi Everyone.

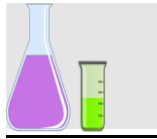

Annual Subscription envelopes will be given to the boys this week. Please return by the 6th of December OR lodge directly into the Bank (Bank Details will be attached to the form).

Contact details.

Several people have requested that “whatsapp groups” be set up for your class/year. If you wish to be included in this group please complete the attached contact information sheet and we will endeavour to set this up.

Thank in advance.

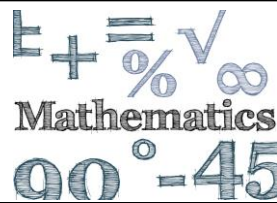

The Parents Association.

Science Fair this Sunday- NUIG

5th and 6th Classes will have a stand there. The boys will find out their time slots over the next few days. Please come along and support them in their endeavours. Well done to Ms Lillis for leading this initiative and for complementing our work in STEM in the school.

Science week was held in the school last week. It was a very successful week. Thank you to all the parents who contributed during the week and for visiting the science exhibition on Thursday. It is lovely to seeing parents supporting our endeavours. Thanks to Ms Lavelle for co coordinating the week.

Curriculum Evaluation of Mathematics

We are currently undergoing a curriculum evaluation of maths by the Inspectorate.

We welcome their visit and are very much looking forward to their feedback at the end of the evaluation.

The inspectorate look closely at the teaching and learning of maths in the school and give constructive feedback as to what we are doing well and how we can improve going forward.

We will share their feedback with you as soon as it is made known to us.
